**SUBJECT: 2004-2005 Fiscal Year Single Audit Report Certification and Audit Finding Resolution**

We completed a desk review of your single audit report for the year ended June 30, 2005. We determined that the report meets the requirements of the United States Office of Management and Budget (OMB) Circular A-133. OMB Circular A-133 prescribes the audit and reporting standards for state and local governments that expend federal awards.

OMB Circular A-133 requires federal and state funding agencies to resolve any audit findings cited in the report that may affect federal award programs. Attachment A to this letter identifies those findings that require resolution. The findings are referenced by enclosure (EN) and page number (PAGE).

OMB Circular A-133 requires also pass-through state agencies to follow up on the resolution of findings that affect federal programs administered by these agencies. The state agency referenced in the attachment will be in contact to follow up on the resolution of the applicable findings.

The State Controller's Office is responsible for resolving most cross-cutting findings or audit leads. A cross-cutting finding is one that affects the programs of more than one agency. If cross-cutting findings are identified in your report, our office will contact you. An audit lead is a specific issue identified in your report that may require additional investigation by federal or state agencies. Federal or state agencies may ask you to provide additional information related to the audit lead.

Your audit report may also contain general internal control findings not referenced in Attachment A. These findings do not appear to affect the federal award programs. Therefore, we have not identified them for resolution action; however, you should ensure that your audit report for the 2005-2006 fiscal year addresses the resolution of these findings.
