PERMITTEE: _____

- RESTRICTED MATERIALS PERMIT NON-RESTRICTED PERMIT/OPERATOR I.D.
- NON-AG PERMIT

IN ACCORDANCE WITH SECTION 14077 OF THE CALIFORNIA FOOD AND AGRICULTURAL CODE (FAC) AND SECTION 6432, OF THE CALIFORNIA CODE OF REGULATIONS (CCR), THE FOLLOWING, WHEN CHECKED (X), ARE PERMIT CONDITIONS THAT MUST BE COMPLIED WITH WHEN APPLYING PESTICIDES LISTED ON

RESTRICTED MATERIALS PERMIT NUMBER: _____

- 1. Applicator is properly certified.
- 2. Permittee not certified. Restricted material must only be applied by a Licensed Qualified Applicator.
- 3. In accordance with Section 6434 (CCR), when the pesticide application is made by a PCO, the PCO is responsible to see that the Notice of Intent has been properly submitted.
- 4. PCO must have a copy of Restricted Materials Permit & all applicable conditions (i.e. MAPS)
- 5. Written recommendations shall be submitted to the Sutter County Ag Dept. upon request.
- 6. Notice of Intent (NOI) shall be submitted 24 hours prior to the scheduled application.
- 7. The permittee shall comply with Section 29102 (FAC) and Section 6654 (CCR) which requires a 48-hour prior notification to beekeepers with bees located within one mile of the application site when applying pesticides harmful to bees, over "blooming plants", including cover crops.
- 8. Dormant sprays containing both restricted and non-restricted materials injurious to bees cannot be applied after January 31st without authorization from the Agricultural Commissioner
- 9. Applications shall be made only when school grounds are not occupied or when church is not in session.
- 10. Applications that are made adjacent to schools, churches, or dwellings shall be made with air movement away from them or sufficient buffer zone to prevent drift.

The following fields locations have additional restrictions because of the potential hazards: _____

- 11. Prior to employees being involved in pesticide applications, the permittee must have complied with Worker Safety regulations, as required by Section 6724 (CCR)
In addition, all employees shall be trained for each chemical prior to working with it.
- 12. Methyl Bromide has been added to this permit for tree-hole application(s) only unless additional permit conditions are attached.

The permittee must comply with the additional permit conditions as attached:

- GROUND WATER RUN-OFF/LEACHING
- RICE PERMIT CONDITONS
- METHYL BROMIDE – FIELD USE METHYL BROMIDE – COMMODITY USE
- TELONE
- PHENOXY (2, 4-D) FOR NON-ORCHARD, FIELD AND ROW CROPS
- _____
- _____

I HAVE READ AND UNDERSTAND THE ABOVE PERMIT CONDITONS
