\* Note: Due to missing age values, referral and substantiation subtotals will not sum to total.

\* Note: Due to missing county values, the relationship between 'Entries + Reentries' and 'Substantiations' could not be determined and a '% of Substantiations' was not calculated for those records.

\* Note: The 'Entries + Reentries' columns on this summary table are not currently available for the 'Referral and Substantiation Rates' tables that are further stratified by age and ethnicity.
