

TRI-COUNTY SCHOOLS INSURANCE GROUP

NEWS RELEASE:

Tri-County Schools Group (TCSIG) Launches Prescription Discount Card

Tri-County Schools Insurance Group (TCSIG) a governmental joint powers authority located in Yuba City, California, is pleased to announce its partnership with EnvisionRx Medical Solutions to provide a prescription card savings program for the uninsured or underinsured. The rising cost of healthcare and prescription drugs is a reality that has hit home for many. Stories of those who are ill but cannot afford their medication have become all too frequent. Without insurance, the price of prescription drugs can put good health out of reach. The TCSIG Prescription Saver Card will be available free for the uninsured or underinsured.

Participants in the Prescription Saver Card program will be able to simply present their Prescription Saver Card at a participating pharmacy to save on many prescription drugs. The savings card may be used any time a prescription is not covered by insurance and will even work for many pet medications.

The card is not insurance so there are no age limits, no pre-existing condition restrictions, and no waiting periods – the card is instantly activated for use and there are no membership or enrollment fees to participate. Those using the Prescription Saver Card will receive the lowest EnvisionRx price available for generic and brand prescription medications at over 60,000 pharmacies, including all major chains. 8 out of 10 pharmacies nationwide accept the TCSIG Prescription Saver Card, making finding a pharmacy very easy.

Benefits:

- No age limit
- No pre-existing condition restrictions
- No waiting period
- No membership fee
- No enrollment fee
- Instant activation

Members have access to a website that provides:

- Pharmacy locator
- Medication pricing

Included in TCSIG's program is a convenient option for home or office delivery through Envision's Mail Service affiliate, Orchard Pharmaceutical Services.

TCSIG is excited about this program because of the money participants will be able to save. Envision will be providing monthly reports to TCSIG advising them of the actual savings participants are realizing.

Envision administers discount prescription card programs for the States of Ohio and Florida, as well as programs for various municipalities, non-profits, and private companies across the country.

Visit www.envisiondrugcard.com/TCSIG to learn more about the program and download your free card online.
