RETAIL FOOD FACILITY INSPECTION REPORT

DBA: The Jay

Address: Whyer City: YC.

Re-inspection

OBSERVATIONS AND CORRECTIVE ACTIONS

No cooling food today. Reported food cooled for events only.

Also reported facility had "cooler outside" to properly cool cooked foods as walk-in refrigerator gets too crowded.

The outside cooler is a refrigerated semi truck trailer (YIF). Using a refrigerated trailer to cool cooked food was a great idea - unfortunately, the ~~CA~~ CA Retail Food Code states that open, prepared foods must be stored inside an enclosed food facility.

Cool all foods in walk-in refrigerator or walk-in freezer to rapidly cool.

Note: Manager reports trailer used ~~due~~ due to compressor going out. Repair scheduled today.

Re-inspection to follow in 1+ days.
