

RETAIL FOOD FACILITY INSPECTION REPORT

DBA: Y/C Tesoro (Chamon)

Address: Cause City: Y/C

Re-inspection

OBSERVATIONS AND CORRECTIVE ACTIONS

o Mop sink faucet - both water valves turn easily and hot water provided. Violation corrected.

Commercial

o Detergent-Sanitiser not available at facility yet. In the meantime, when cleaning utensils such as coffee pots and beverage nozzles or dispensers, use the following procedure:

On first basin, wash with hot soapy water (use sink plugs to fill basins).

Dump water and rinse with pure water.

Fill 2nd basin and add a few caps full of bleach; soak just washed/rinsed utensils in sanitiser basin for at least 30 seconds.

No sink plugs observed - obtain if facility doesn't have any.
