OBSERVATIONS AND CORRECTIVE ACTIONS
100ppm or higher. Apply enough sanitizer to make surface "wet" and allow to air dry. Clean all restroom surfaces, door knobs, light switches in restroom in the same manner.
Educate all employees on handwashing (hot, soapy water, rubbing hands vigorously for 15 seconds and drying with a single use paper towel). No employee should eat/snack or touch mouth without first washing hands as the bacteria associated with this illness is infective in low doses and can cause extreme illness.
