

Parents:
Please join us for this informative workshop!

The Amazing Developing Brain

Presenter: Patricia Wolfe

Date: March 21, 2007
Time: 6:00-8:30PM *(Includes light refreshments)*
Location: Yuba City High School Multi-Purpose Room

KEY FOCUS:

Join Pat to hear the latest research on the young child's brain and how it develops and learns. She will provide a clear explanation of the most educationally significant research developments (including sensitive periods of development) and discuss practical ways parents and teachers can enhance children's development.
