Defining the Urban-Rural Edge
Attend a Public Workshop in Yuba City on July 28th!

Join Sutter County and Yuba City in a discussion on how to address the edge between the City’s urban development and the County’s agricultural and rural land. How would you separate the land uses along Pease Road, Township Road, Bogue Road, and the Sutter Extension Water District Canal? With different types of landscaping or walls? Through the addition of bike and walking trails? Or perhaps with linear parks and open space areas? Also, how wide should the buffer treatments be? Come provide your input at this public workshop!

When: July 28, 2011
6:00 – 7:30 pm
Where: Yuba City Hall, Sutter Room
1201 Civic Center Boulevard, Yuba City

This is the last of 3 workshops to be held this summer hosted by Yuba City, in partnership with Sutter County and the Sacramento Area Council of Governments (SACOG). For more information on this project, please call Aaron Busch with the City of Yuba City, Community Development Department at (530) 822-4700.
